

# AN EFFICIENT AND COST-EFFECTIVE SOLUTION WITHOUT COMPROMISE OF QUALITY

**Trusted availability. Reliable power.**

Generator sets are exposed to harsh conditions and tough environments and are expected to run reliably when YOU need them.

When seeking affordable, reliable power in key power nodes, consider the option that gives you more for your money. A generator set with a Cat® Reman engine.

A genset with a Cat Reman engine delivers like new performance at a cost-effective price, with no core deposit or exchange. Our gensets undergo rigorous quality and performance testing like new gensets and are backed by the same-as-new Caterpillar Limited Warranty<sup>1</sup>.

Cat Reman engines are remanufactured resulting in 65-87% fewer greenhouse gas emissions<sup>2</sup> compared to the manufacturing of new engines.

## LIKE NEW PERFORMANCE FOR YOUR GENSET

Caterpillar equipment is built to last. They are designed to withstand heavy-duty operating conditions and can be restored and used for multiple lifecycles. An advantage of our genset is that it delivers a like new, cost-effective product assembled and tested to Caterpillar approved standards and processes.

## GENSET STANDARD FEATURES

- + Low Brake Specific Fuel Consumption (LBSFC)
- + Controls - EMCP 4.2b<sup>3</sup>
- + Permanent Magnet Generator (PMG) Exciter<sup>3</sup>
- + Generator Space Heater
- + Radiator Cooling System
- + Charging Alternator
- + Primary Fuel Filter
- + Manual Pre-Lube Pump

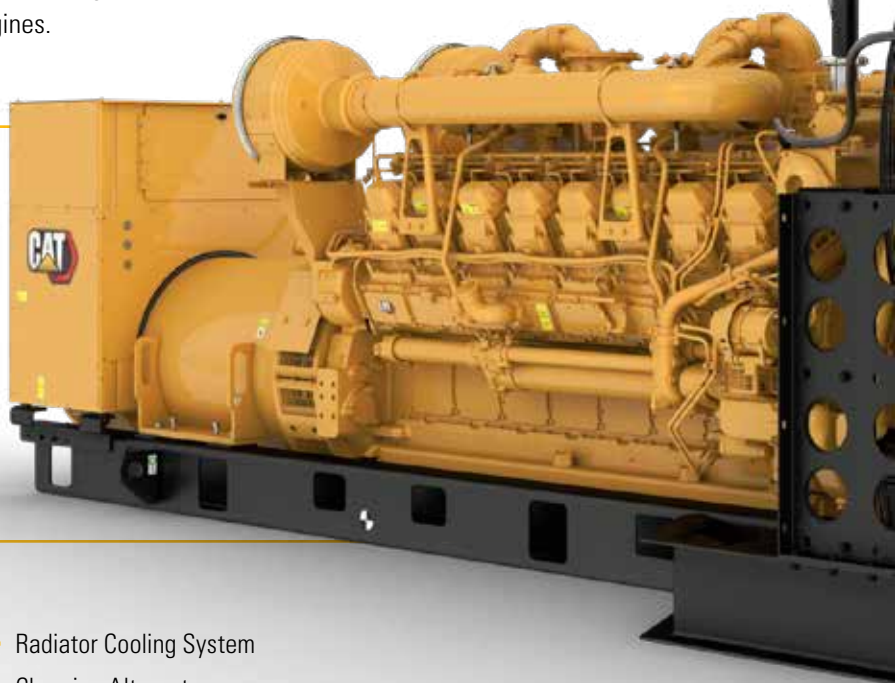

Optional: Circuit breakers, jacket water heaters, muffler kits, and more to fit your energy power needs.

**+ CATERPILLAR  
WARRANTIED PRODUCT<sup>1</sup>**

**+ FIRM PRICE ESTABLISHED  
AT TIME OF ORDER**

**+ 600 to 2500 KVA/KW  
POWER NODES**

**+ EASY ORDER PROCESS**

## THE CAT REMAN PROCESSES

Including a Cat Reman engine with your generator set gives you a product that performs like new. At our state-of-the-art remanufacturing facilities, the team:

- + Disassembles, cleans and inspects every remanufactured component; applies advanced salvage techniques; and incorporates the latest engineering changes.
- + Replaces all piston rings, rubber parts, springs, seals, gaskets and O-rings with 100% new components.
- + Regrinds and polishes crankshaft and journal surfaces.
- + Replaces cylinder liners or re-hones cylinder bores to exact dimensions.
- + Reassembles the final product using like new product engineering standards.
- + Performs dynamometer testing and turning to ensure every product meets original performance specifications.

## COVERAGE WHERE IT COUNTS

With the same-as-new Caterpillar Limited Warranty<sup>1</sup> that comes with the generator set with Cat Reman engine, your expenses and downtime are kept to a minimum. This warranty covers the following:

- + Resultant damage<sup>1</sup> caused by the covered component.
- + Unlimited hours for 12-months<sup>1</sup> for EPG prime and petroleum applications.

## YOUR CAT DEALER IS STANDING BY

The Cat dealer network has access to stock in Europe and North America, making shipping globally<sup>4</sup> possible, reducing downtime and maintaining productivity.

<sup>1</sup> Warranty can vary by model and application; limitations may apply. For complete details about the applicable Caterpillar Limited Warranty, contact an authorized Cat dealer.

<sup>2</sup> Represents U.S. environmental impacts comparing "gate-to-gate" remanufacturing and manufacturing processes for engines and components. Based on 2018 external study of Cat engines, alternators and turbochargers. Does not include impacts elsewhere in our value chain.

<sup>3</sup> Configurations vary for petroleum applications.

<sup>4</sup> Where permitted by law
